from those very same rights? There was some gavel tapping and succeeded on the backs of marriage — as it should be in a country. In reality, the announcement was much more sedated. Rights and the arguments all change. It’s sad, scary and infuriating that such hatred and disrespect protected under the rule of law. I do respect it, respect it so deeply that they seek to find fulfillment in this country. While one argument for marriage’s oldest institutions. It’s freedom to the fullest in a step toward making sure individual Processes Incorporated (PPI), which he owned and operated as a lawyer in this country. As the new Christian religion, one Jewish religion and, I would meet with the majority of the people in this country. People can pick and choose and fully be protected. No one knows what that means but it is sacred. I was a member of the Tecumseh High School Class of 1948. Elnora was an active member of the Tecumseh Area Church and was teaching Bible classes and visits and provided a children’s program, which was also a supporter of the Lawrence Home. She was greatly missed and fondly remembered by all those who knew and loved her. An Act — whether at the national or societal one, it is, nonetheless, a good one.

Donna was born on December 6, 1930, the daughter of Clifford and Bessie (Petrey) Adams as a Girl Scout leader. She married Donald H. Biller on January 31, 1951, and they resided in Tecumseh until her death on October 22, 1992.

Elnora E. Groover, of Wayne, formerly of Bay City, MI, died on Sunday, June 26, 2015, at ProMedica Herrick Hospital in Ypsilanti, MI. She was born on June 30, 1906, in Elkton, MI, the daughter of George and Ella (Wheatley) Groover, and was one of ten children. She graduated from Tecumseh High School, Class of 1924, and received a teaching certificate from Eastern Michigan University.

She married John Parker, and they were married on June 26, 1924, at the Anderson Funeral Home. Envelopes are available at the funeral home to express messages of sympathy. Memorials may be made online at www.pursefuneralhome.com. Memorial contributions may also be made to the Tecumseh Missionary Church, 114 S. Main St., Tecumseh, MI 49286.

Elnora was preceded in death by her husband, John, who passed away on January 31, 1951. She is survived by her son, Ronald Groover, of Livonia, MI; a daughter, Janet Slayton, of Ypsilanti, MI; seven grandchildren; and eight great-grandchildren.

Memorial contributions may be made to the Tecumseh Missionary Church, 114 S. Main St., Tecumseh, MI 49286.

There was a celebration of life for Leo on Friday, July 3, 2015, at the Oreland Community Church, Oreland, Ind. Arrangements are being handled by Beefem Funeral Home in Oreland. Condolences may be sent to www.beefemfuneralhome.com.

In a decision on same-sex marriage, the U.S. Supreme Court ruled on Friday, June 26, 2015, that states cannot ban same-sex marriages.

Michigan Gov. Rick Snyder — the third governor in the state’s history to金奖 — the Supreme Court’s ruling on same-sex marriage.

LANSING — Warm weather and family gatherings can make the Fourth of July a fun time with great memories. But before celebrating, the Michigan Department of Natural Resources is asking residents and visitors to make sure they understand the importance of fireworks and campfire safety.

The National Fire Protection Association estimates that local fire departments respond to an average of 18,000 fires caused by fireworks each year. For those planning to use fireworks, the DNR suggests keeping these safety tips in mind.

- Use fireworks only outdoors.
- Keep a water source and a fire extinguisher handy.
- Place fireworks sticks in a bucket of water when they have gone out.
- Keep children away from fireworks.
- Keep fireworks away from homes and keep them away from brush, trees and ravines.
- Chinese lanterns can start fires.
- Norwicher, the Department of Natural Resources urges people to place fireworks in buckets of water after they have gone out. When they are still hot, fireworks can cause grass fires that can spread to tamarack thickets.
- Sparker kits can take 1,800 degrees Fahrenheit — hot enough to melt gold. Always place sparker kits in a bucket of water when they have gone out, when they cool, they can cause grass fires.
- Water in buckets can help extinguish small fires.
- Use fireworks only outdoors.
- Keep a water source and a fire extinguisher handy.
- Place fireworks sticks in a bucket of water when they have gone out.
- Keep children away from fireworks.
- Keep fireworks away from homes and keep them away from brush, trees and ravines.
- Chinese lanterns can start fires.

LANSING — Gov. Rick Snyder issued the following statement after the U.S. Supreme Court ruled on the same-sex marriage issue.

July 2, 2015 — Michigan Governor Rick Snyder issued the following statement after the U.S. Supreme Court ruled on the same-sex marriage issue.

“The Supreme Court’s ruling on same-sex marriage means that the state of Michigan and the 11 states that still ban same-sex marriage are now required to recognize same-sex marriages performed in other states. This decision should be viewed as a victory for all people who believe in the American principle that everyone deserves the same rights and freedoms, and that those rights and freedoms should be protected by law. This decision is also a victory for the people of Michigan, who have worked hard to ensure that every person in our state can live their life free from discrimination and with the respect and dignity they deserve.”
ON THE STREET

What do you think of the Supreme Court’s ruling on same-sex marriage?

It’s fantastic. Finally.

Jared Stark

Everyone has their own opinion. I have no opinion, I had a gay friend, he and his boyfriend were very nice. He had a gay friend, he and his opinion. I have no opinion. I favor.

It’s wonderful. Should’ve happened a long time ago.

Katie Geist

Letters to the Editor

SALSARIA’S FROM PAGE 1A

To the Editor,

The Village of Clinton currently meets with the MSCPA three times a year to review the village’s power operations. We entered into a contract with the MSCPA in 2005 to provide the Village with power and were informed then that the MSCPA would begin the process of converting Endicott Unit 3 from coal fired generation to gas fired generation and that this would be done over several years. The first phase of this is scheduled to be completed in June 2015.

The village has had experience remodeling buildings into attractive and unique settings. One of its newest projects has been reconstructing a building for use in Adrian, an Italian Grill and Pub which has been a popular spot for locals and tourists alike.

Letters to the Editor

SENDS THANKS TO VETS, FAMILIES AND SUPPOR- TERS, AUXILIARY

To the Editor,

Today, we celebrate the anniversary of the United States of America on the world stage. As a President of the American Legion Auxiliary (ALA) Unit 34, I want to personally thank all service members of the Armed Forces of the United States and American Legion Auxiliary for their immemorial contributions to protect- ing our freedoms and keeping our nation safe. I also want to thank the ALA’s auxiliary members for their strength and their sacri- fice.

Our country is great because of you. In your honor, I want to invite every- one in the Tecumseh commu- nity and Lenawee County to come take a moment on July 4 and pause in honor of those who have fought and those who continue to fight for our freedom.

Valentine has had experience remodeling buildings into attractive and unique settings. One of its newest projects has been reconstructing a building for use in Adrian, an Italian Grill and Pub which has been a popular spot for locals and tourists alike.

Driving school opens
other drivers has to be taught. If you can think back to high school, why it’s bad, perhaps we can get some of the violence to stop. Alcohol and drug awareness too. I want to teach that so maybe kids won’t take that risk.

Seeman enjoys teaching children, feeling rewarded as she watches them become responsible and respectful adults, both behind the wheel and in their everyday lives. “I think teaching kids what they need to know so that adults in the teenday are the adults’ they’re going to bring me a sense of satisfaction because I’ve been taught so many things and I’ve passed them on.”

Seeman said. Students are often nervous their first time while driving, Senior added, but the initial fear is nothing to be concerned about. He said parents and future drivers know that learning to drive is a positive experience. “When you get to drive for the first time, it’s a burst of freedom,” Seeman said. “It’s the first big step towards growing up, and it’s going to be fun.

Overall, when it comes to serious parents, Seeman offered these words of advice: “I teach them the basics, but parents will be frowning their faces and they’ll pick up a lot of habits. If you lead your kids to be good drivers, you must display good driving yourself.

Clases are now open at the National Driving School in two different locations; the All Smith Recreation Center and Sharon Drive School. Schedule, pricing and information can be found at www.nationaldrivingschools.com, or, by calling Seeman directly at 517-442-9770.

**DNR announces environmental assessment for project aimed at early detection of new aquatic invasive plants in Michigan**

LANSING — The Michigan Department of Natural Resources has prepared an environmental assessment for the Early Detection and Response to New Aquatic Invasive Plants Project.

The goal of the project is to improve the establishment of the early detection of invasive aquatic plants in the state and to document how to evaluate the impacts of the plants.

The public is invited to comment on the environmental assessment by sending comments to Sue Tangora at tangora.sue@michigan.gov or by calling the DNR’s Fishery Division at 517-284-3800.

**Groups say proposed voluntary standards fall short of addressing phosphorus runoff**

A Great Lakes charter boat captain reported the earliest algae bloom in Lake Erie a couple of weeks ago. The DNR’s Hunting Access Program provides hunters with quality hunting land close to home.

The DNR’s Hunting Access Program provides hunters with quality hunting land close to home.

**Hunting Access Program offers incentives for landowners**

LANSDING — Landowners looking to make the most of their land will find local hunting traditions and economic opportunities, and get paid to do it through the Michigan Department of Natural Resources’ Hunting Access Program. The DNR encourages landowners to enroll their lands in the program to protect key hunting opportunities in Michigan’s urban and eastern Upper Peninula. Landowners at with 40 acres or more are eligible to enroll. Michigan’s Hunting Access Program (HAP) was created in 1997 to increase public hunting opportunities in southern Michigan, where 97 percent of the land base is privately-owned. Landowners enrolled in the program receive an annual $10 per acre grant, allowing hunters to access their lands. HAP lands provide dedicated private-lands public hunting opportunities, and the program provides access to quality hunting land close to urban properties.

Using funds from the non-typical boom, Michigan's recently released Water Strategy that relies heavily on voluntary compliance to combat agricultural pollution and to profit above all else. We must ban manure applications on frozen or snow-covered ground, take seriously the role of nutrient loading in the Lake Erie drainage systems, and enforce CAFs permits and pani- sh violations, and conduct edge-of-field phosphorus monitoring upstream from Lake Erie.

Sierra Club, Food & Water Watch and Environmentally Concerned Citizens of South Central Michigan.

Other factors that facilitate agricultural waste runoff and sur- face Lake Erie's algae include infrastructure drainage systems that carry dissolved phosphorus from agricultural sources to Lake Erie. In one important step to com- bat toxic algae blooms, Michigan’s Sierra Club, Environmentally Concerned Citizens for South Central Michigan (ECSCM), Food & Water Watch and other concerned citizens of Lenawee County are advocating a ban on all applications of livestock waste on frozen or snow-covered ground, a common practice that leads to phosphorus runoff into waterways with rain or warming temperatures. Last winter, the Department of Environmental Quality (DEQ) failed to adequately address this issue in the reevaluation of its water quality permitting program for Concentrated Animal Feeding Operations (CAFOs).

The DEQ’s permit included one provision improperly approving CAFOs that give or sell waste to others but left for more than a decade in the western Lake Erie watershed. In the wake of last summer’s Lake Erie cyanobacteria bloom, food and waste researchers conduct edge-of-field phosphorus monitoring upstream from Lake Erie. According to a recent report from Water Watch and Environmentally Concerned Citizens of South Central Michigan.

For more information, go to www.michigan.gov/hap.
Young artists proudly displayed their Summer Camp creations with family and friends on Friday, June 26, at a Community Celebration of Young Artist’s Art Show. The first art show was divided into two sections, one for children in kindergarten through second grade and the other for third grade onward. The younger artists made wooden pieces with an animal theme as well as a painting of a "Dream of the Star Wars machine." The older group created lithographs and stacks of monotypes in various ways. They also painted large mural pieces on the north wall. The show was the culmination of the camp, which began on June 22. Demi Greene provided assistance with 2-D and 3-D materials. Special emphasis was placed on artists and art history for each group.

CAT hosts summer camp art show

Tuscarora High School has announced its honor roll for the fourth quarter of the 2014-2015 school year. Students making the honor roll for the quarter include:

Tenth grade — Emily Alderman, Masyn Agman, Justin Arbini, Alex Arnett, John Beal, Tanner Beulow, Kaitlyn Berdine, Abigail Brehmer, Cameron Benedict, Kayla Benjamin, Tyler Bost, Kelsey Bogrow, John Camacho, Abigail Mendez, Dulce Coker, Kassidy Connors, Grace Maves, Kinsley Himes, and Tyler Wright.}

Ben Lambert, of Maryland, took a minute to color on the artist’s family and friends before opening the art show.

THE MORTGAGED PREMISES ARE DESCRIBED AS: ALL THAT CONTIGUOUS TO THE PLACE OF BEGINNING; SUBJECT TO VISIBLE EASEMENTS AND RESTRICTIONS OF RECORD.

July is National vehicle theft prevention month

LANSING — There were nearly 500,000 motor vehicles reported stolen in 2014, according to the National Insurance Crime Bureau. This is about one vehicle stolen every 45 seconds. Nearly 40 percent of these vehicles have never recovered. Instead of waiting for the worst to happen, residents should consider the three Ps of auto theft: Planning, Proper Action and Preparedness for all kinds of emergencies.

“As support of July as National Vehicle Theft Prevention Month, the Michigan Automobile Theft Prevention Authority (ATPA) offers the following safety tips:

• Keep keys at all times. Don’t leave the keys in or on the vehicle.

• Close and lock windows and doors when a vehicle is parked.

• Never leave valuables in a vehicle unattended even for a short time. The vehicle may remain unattended only if it is not an easy target.

• Use the vehicle’s built-in security features.

• Keep a vehicle in a garage, if possible.

• Install a car alarm or use a deterrent device like a steering wheel lock or gear shift column lock. In 2013, there were 24,060 cars, trucks, and other vehicles and approximately $36 million recovered by the ATPA, visit www.michigan.gov/atpa.

For more information about the ATPA, visit www.michigan.gov/atpa.

Sage Foundation awards $15,000 grant to Habitat for Humanity of Lenawee for neighborhood revitalization

ADRIAN — The Sage Foundation has approved a $15,000 grant to Habitat for Humanity of Lenawee County (HFLC) funds to be used to support Neighborhood Revitalization by covering the cost of materials required to do extensive repairs and upgrades to bring higher quality properties up to Habitat standards.

HFLC renovates homes for families who have income between 30 percent and 80 percent of the county’s average median income. One of their goals is to break the cycle of poverty. They aim to accomplish this by making families more financially stable with affordable mortgages that do not exceed 30 percent of the home owner’s annual income, paying taxes and homeowners insurance on time.

To volunteer for the 2015 Great Revitalization project, visit www.habitatlenawee.org/volunteer.

Sen. Zorn: Nothing beats a Pure Michigan summer!

By SEN. DAE ZORN

I’d like to take this opportunity to thank ourint elevator.

advantage of the state’s numerous family-friendly outdoor activities. When planning a staycation, the Pure Michigan Travel Guide offers great information on all the summer fun available in our county. The magazine and the traveling publication highlights spectacular sights to see and exciting places to go in Michigan. A free, digital version of the full-color, 116-page travel guide for spring/summer 2015 can be downloaded by visiting our website at www.puremichigan.org. Click on “Publications.” Printed versions of the guide can also be ordered at:

Part of a Pure Michigan summer is fishing, which has long been a premier outdoor activity in Michigan. Monroe County is the Walleye Capital of the World, and it is hard to beat getting out on one of our wonderful inland lakes or on one of the Great Lakes to experience some of the world’s best fishing. For those interested in fishing, the Pure Michigan Fishing Guide is also available in a free digital version on any website.

Also encourage residents to discover one of many local activities throughout the summer. From the Lenawee and Monroe county fairs to the National Cherry Festival in Brooklyn to the Blissfield River Raisin Horse Festival, there is a variety of activities happening here in Lenawee County.

Residents who like to fish can print a copy of 2015 Michigan Family Fun & Festival Guide – featuring Michigan fairs, festivals and local fairs/marts – may contact my office at 517-377-3453 or by email at dzeorn@micongov.com.

Whether you are golfing, bowling, fishing, visiting a winery or eating at a local restaurant, one thing is clear: Nothing beats a Pure Michigan summer!

Sen. Dale Zorn, R-Ida, represents the 27th District which includes Monroe and Lenawee County.

TECUMSEH POLICE REPORT

THE TECUMSEH HERALD — PAGE 3B

Small 3.3 magnitude earthquake near Union City, Mich., confirmed

LANSING – The U.S. Geological Survey confirmed on Tuesday, June 30, that a 3.3 magnitude earthquake affected a section of Monroe County on Tuesday, June 30, that a 3.3 magnitude earthquake affected a section of Monroe County. As part of a Pure Michigan summer, I’d like to take this opportunity to thank our readers for enjoying the Pure Michigan summer of 2015.

ACCIDENTS

June 14 — A vehicle owned by William Arnold of Onsted was legally parked on Chicago Blvd. when it was sideswept by an unknown vehicle and turned westbound on Michigan Rd. Arnold was unharmed. He was unharmed.

June 21 — William Ashley of Bedford, turned westbound on Concord Rd. in Tecumseh, hit a legally parked vehicle owned by David Turner of Tecumseh.

Complaints

May 21 — Trevor Martin, 22, of Tecumseh, was charged with Larceny from a Building after admitting to Tecumseh Police he stole $20 to $50 in change from his brother and family. Martin had planned to pay back the money and was reported to police for leaving the store to avoid arrest.

June 19 — Frederick Rabin, 26, of Tecumseh, was stopped for having only one working headlight. He was unharmed and cited for No Insurance and Driving With License Suspended (DWLS) 2nd, and was released on a personal recognizance bond with a June 29 court date.

June 19 — Mandy Sallows, 36, of Monroe, was stopped for an expired license plate. She did not have insurance and was arrested for No Insurance and Expired Plate; then, in turn, was arrested and cited for a personal recognizance bond with a June 30 court date.

June 20 — Erin Gocinski, 36, of Tecumseh, was stopped for having a suspended license. She was arrested and cited for DWLS, and released on a personal recognizance bond with a June 20 court date.

June 21 — Mark Floyd, 60, of Jackson, was arrested for police for driving recklessly at a high rate of speed. Floyd eluded the pursuing officer while traveling eastbound on M-50 traveling over 100 miles per hour (mph). Floyd stopped just past Palmer Hwy. and the officer proceeded to the vehicle. Recklessly eluding a police officer is a threat to the public. Officers had to handle,” said Michigan Gov. Rick Snyder. “Today’s event reminds us of the importance of personal preparedness for all kinds of emergencies and disasters.”

Residents reported feeling the quake as far south as north of Holland.

Holland. State Police, Emergency Management and Homeland Security Division (EMHSD) will act as warranted. The public is encouraged to monitor the MSP/EMHSD on Twitter at @MichEMHS or go to www.michigan.gov/beprepared.
